

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

The Board of Directors shall consist of a President, the First Vice-President, the Secretary, the Treasurer, the chairman of the Board of Trustees, and one additional member from each state, territory, or district, to be elected by the active members for the term of one year, or until their successors are chosen, and of all life directors of the National Educational Association. SEC. 10. That the rights of creditors of the said existing corporation, known as the National Educational Association, shall not in any manner be impaired by the passage of this act, or the transfer of the property heretofore mentioned, nor shall any liability or obligation, or the payment of any sum due or to become due, or any claim or demand, in any manner, or for any cause existing against the said existing corporation, be released or impaired; and the corporation hereby incorporated is declared to succeed to the obligations and liabilities, and to be held liable to pay and discharge all of the debts, liabilities, and contracts, of the said corporation so existing, to the same effect as if such new corporation had itself incurred the obligation or liability to pay such debt or damages, and no action or proceeding before any court or tribunal shall be deemed to have abated or been discontinued by reason of this act.

SEC. 11. That Congress may from time to time alter, repeal, or modify this act of incorporation, but no contract or individual right made or acquired shall thereby be divested or impaired.

Approved June 30, 1906.

Accepted and adopted as the Constitution of the National Education Association of the United States by the active members of the National Educational Association in annual session at Los Angeles, Cal., July 10, 1907.

OPENING SESSION—MONDAY AFTERNOON, JULY 8

The forty-fifth annual convention, being the fiftieth anniversary of the organization of the National Educational Association, was introduced by an organ concert of thirty minutes by Bruce Gordon Kingsley, which preceded the formal opening. The convention was called to order in the Temple Auditorium, Los Angeles, by President Nathan C. Schaeffer, of Pennsylvania, at 2:30 P. M.

Prayer was offered by Rev. Frank DeWitt Talmage, of the First Presbyterian Church.

Rev. Robert J. Burdette delivered an address of welcome, to which response was made on behalf of the Association by Dr. W. T. Harris, of Washington, D. C.

A vocal solo, "Aria, from Mignon," was sung by Miss Blanche Ruby.

Dr. Nathan C. Schaeffer, of Harrisburg, Pa., president of the National Educational Association, delivered the presidential address on "How Can the Schools Aid the Peace Movement?"

Miss Blanche Ruby then sang a solo, "Spring," by Henschel.

Dr. William O. Thompson, president of Ohio State University, offered the following declaration:

The teachers of the United States of America assembled in the National Educational Association, at Los Angeles, California, July 8, 1907, viewing with pleasure and satisfaction the conditions which have brought about the Second Hague Conference, adopt the following minute as suggesting the principles to which they adhere:

We believe that the forces of this world should be organized and operated in the interests of peace and not of war; we believe that the material, commercial, and social interests of the people of the United States and of the whole world demand that the energies of the governments and of the people be devoted to the constructive and helpful pursuits of peace and that the people be relieved of the burdens of providing at enormous expense the armaments suggested by the competitive desire for supremacy in war; we further believe that the fear of war and the possibility of war would alike decline if the governments were to rely more upon the sentiment of the people and less upon the strength of their armies and navies. We recommend the following resolutions:—

1. We indorse and commend the sentiments expressed in the annual address by the President of this Association.
2. We urge upon our representatives at the Second Hague Conference to use their influence to widen the scope and increase the power of the Hague Tribunal.
3. While disclaiming any desire to suggest a program or to urge specific action, we do urge our representatives to secure the most favorable action possible upon international arbitration, the limitation of armaments, the protection of private property at sea, and the investigation of international disputes by an impartial commission before the declaration of hostilities.
4. We recommend to the teachers that the work of the Hague Conference and of the Peace Associations be studied carefully and the results given proper consideration in the work of instruction.

On motion the declaration was referred to the Committee on Resolutions to be reported back to the Association with recommendation at the closing meeting of the Convention.

An address on "Education and Democracy" was given by President A. B. Storms, of Iowa State College, Ames, Iowa.

The following Committee on Resolutions was appointed by President Schaeffer:

## NATIONAL EDUCATIONAL ASSOCIATION

LOS ANGELES, CAL., JULY 12, 1907

## DECLARATION OF PRINCIPLES

The National Educational Association, now holding its forty-fifth annual convention in Los Angeles and representing teachers and friends of education in every state of this Union, makes the following declaration of principles and aims:

1. American teachers have been accustomed for years to look upon the bureau of education of the Department of the Interior at Washington, D. C., as the nation's great educational exchange and clearing-house, not only for educational information and statistics but also for the extensive investigation of special questions touching education and for the dissemination of the results of such work. Realizing that this work, to be effective must receive liberal financial aid, the Association wishes to declare the bureau of education worthy of a much larger support than it has received in the past and to urge upon Congress the favorable consideration of this need.

2. The National Educational Association notes with approval that the qualifications demanded of teachers in the public schools, and especially in city schools, are increasing annually, and particularly that in many localities special preparation is demanded of teachers. Some of the large universities, recognizing their responsibility to their immediate communities, have organized courses suitable in scope and convenient as to hours for these teachers. The idea that anyone with a fair education can teach school is gradually giving way to the correct notion that teachers must make special preparation for the vocation of teaching. The higher standard demanded of teachers must lead logically to higher salaries for teachers. We regret the attempt that is being made in some quarters to evade the consequence of low salaries. The salaries and often the conditions under which the teachers in the public schools teach do not offer sufficient inducement to offset the more promising positions in the commercial life of a large city. Recourse is had, therefore, to selecting students with incomplete high-school or normal-school training to fill these yearly increasing vacancies. Hence we believe that constant effort should be made by all persons interested in education to secure for teachers such adequate compensation for their work that both teacher and public will recognize teaching as a profession. We wish heartily to indorse the action of those legislatures that have fixed a minimum salary at a living wage.

3. The rapid establishment of township or rural high schools is one of the most gratifying evidences of the progress of education. We believe that this movement should be encouraged until the children of rural communities enjoy the benefits of public education to an extent approximating as nearly as practicable the education furnished in urban communities.

4. The Association heartily approves of the efforts now being made to determine the proper place of industrial education in the public schools. We believe that the time is rapidly approaching when both industrial and commercial education should be introduced into all schools and made to harmonize with the occupations of the community. These courses, when introduced should include instruction in agricultural as well as manual branches. We believe that it is the duty of the state not only to qualify its children to be good citizens but also as far as possible to be useful members of their community. Hence, wherever conditions justify their establishment, trade schools should be maintained at public expense to fit children as far as possible for a chosen career.

5. The National Educational Association indorses the increasing use of urban school buildings for free vacation schools and for free evening schools and lecture courses for adults and for children who have been obliged to leave the day school prematurely. We also approve of the use of school grounds for playgrounds and even of the buildings for the relief of the poor in the crowded districts during summer.

6. It is the duty of the state to provide for the education of every child within its borders, and to see that all children obtain the rudiments of an education. The constitutional provision that all taxpayers must contribute to the support of the public schools logically carries with it the implied provision that no persons should be permitted to defeat the purposes of the public-school law by forcing their children, at an early age to become bread winners. To this end the child labor and truancy laws should be so harmonized that the education of the child, not its labor, be made the desideratum.

7. The national government should provide schools for the children of all persons living in territory under the immediate control of the government. The attention of Congress is specially directed to the need of adequate legislation to provide schools for the children of citizens of the United States living on naval reservations.

8. The Association regrets the revival in some quarters of the idea that the common school is a place for teaching nothing but reading, spelling, writing, and ciphering; and takes this occasion to declare that the ultimate object of popular education is to teach children

how to live righteously, healthfully, and happily, and that to accomplish this object it is essential that every school inculcate the love of truth, justice, purity, and beauty thru the study also of biography, history, ethics, natural history, music, drawing, and the manual arts.

9. The National Educational Association wishes to record its approval of the increasing appreciation among educators of the fact that the building of character is the real aim of the schools and the ultimate reason for the expenditure of millions for their maintenance. There are in the minds of the children and youth of today a tendency toward a disregard for constituted authority, a lack of respect for age and superior wisdom, a weak appreciation of the demands of duty, a disposition to follow pleasure and interest rather than obligation and order. This condition demands the earliest thought and action of our leaders of opinion and places important obligations upon school authorities.

10. The National Educational Association wishes to congratulate the secondary schools and colleges of the country that are making an effort to remove the taint of professionalism that has crept into students' sports. This taint can be removed only by leading students, alumni, and school faculties to recognize that inter-school games should be played for sportsmanship and not merely for victory.

11. The National Educational Association observes with great satisfaction the tendency of cities and towns to replace large school committees or boards, which have exercised thru subcommittees executive functions, by small boards which determine general policies, but intrust all executive functions to salaried experts.

12. Local taxation, supplemented by state taxation, presents the best means for the support of the public schools, and for securing that deep interest in them which is necessary to their greatest efficiency. State aid should be granted only as supplementary to local taxation, and not as a substitute for it.

13. We cannot too often repeat that close, intelligent, judicious supervision is necessary for all grades.

14. The National Educational Association approves the efforts of the Simplified Spelling Board and other bodies to promote the simplification of English spelling by the judicious omission of useless silent letters, and the substitution of a more regular and intelligible spelling in place of forms that are grossly irregular or anomalous, such amendments to be made according to the existing rules and analogies of English spelling, with a due regard to the standards accepted by scholars; and the Association hereby approves the simpler forms contained in the list of three hundred words now spelled in two or more ways, published by the Simplified Spelling Board, and containing the twelve simplified forms now used by this Association and directs that these simpler forms be used in the publications of the Association in accordance with the rule now in force, that if the writer of any paper published by this Association expressly so desires, his paper shall be printed in the old spelling.

15. Without seeking to determine the merits of coeducation versus separation of the sexes in higher institutions the Association recognizes that at present the demand for separate higher instruction for women is greater than existing colleges for women can supply. Moreover, the great colleges for women are almost all grouped in one section of the country. We urge upon the attention of the friends of higher education for women the needs of the western and southern states for this kind of educational institution.

16. The Association believes that secret societies, fraternities, and sororities are inimical to the best interests of schools and pupils, and we urge school authorities to abolish them in all secondary and elementary schools.

17. In teaching, as in every other kind of work, the best service is secured by finding the individual best fitted to the particular place as indicated by training, experience, and meritorious service; the National Educational Association accordingly heartily approves a merit system of promoting teachers and filling vacancies. We assert, furthermore, that the grounds upon which a teacher may apply for a position are preparatory training, experience, and meritorious service, in a word, professional fitness, alone; and that the use of other personal and political arguments is immoral in the teacher and a serious menace to a high professional standard.

18. The Association regrets the purely theoretical work which still characterizes much of our so-called training of teachers, especially in colleges and universities, and urges the establishment everywhere of training and practice facilities for the better preparation of teachers.

19. The National Educational Association believes that the forces of this world should be organized and operated in the interests of peace and not of war; we believe that the material, commercial, and social interests of the people of the United States and of the whole world demand that the energies of the governments and of the people be devoted to the constructive and helpful pursuits of peace and that the people be relieved of the burdens of providing, at enormous expense, the armaments suggested by the competitive desire for

supremacy in war. We further believe that the fear of war and the possibility of war would alike decline if governments were to rely more upon the sentiment of the people and less upon the strength of their armies and navies. We, accordingly, indorse and commend the sentiments expressed in the annual address by the president of this Association. We urge upon our representatives at the Second Hague Conference to use their influence to widen the scope and increase the power of the Hague Tribunal. While disclaiming any desire to suggest a program or to urge specific action we do urge our representatives to secure the most favorable action possible upon international arbitration, the limitation of armaments, the protection of private property at sea, and the investigation of international disputes by an impartial commission before the declaration of hostilities. We recommend to teachers that the work of the Hague Conference and of the peace associations be studied carefully and their results given proper consideration in the work of instruction.

20. The Association pledges itself anew to that time-honored conception of the teachers' office which makes it one of *unselfish* service in a great human cause, education; and it calls upon teachers everywhere to remember that this conception must be fundamental in the establishment and conduct of their professional associations.

CHARLES C. VAN LIEW, of California, *Chairman*;  
WALTER A. EDWARDS, of California;  
S. A. UNDERWOOD, of Missouri;  
\* S. BELLE CHAMBERLAIN, of Idaho;  
\* FRANCIS G. BLAIR, of Illinois;  
\* GUSTAVUS R. GLENN, of Georgia;  
\* WILLIAM E. HATCH, of Massachusetts;  
\* MAUDE B. HANSCHÉ, of Pennsylvania.

*Committee on Resolutions.*

After the reading of the declaration of principles, C. P. Cary, of Wisconsin, moved the adoption of the report as read by Chairman Van Liew. The motion was seconded.

J. M. GREENWOOD, of Missouri: There is one clause in section fourteen of the report of the Committee on Resolutions which is mandatory and should go to the Board of Directors. It directs that three hundred words, adopted by the Simplified Spelling Board, be used in all the publications of the Association. That part of section fourteen should go to the Board of Directors, because it is administrative and not an appropriate matter for consideration and action at this time. It is not in order for this body to give such a direction to the Secretary of the Association.

MR. CARY: I agree with the statements just made, and with consent of my second, I withdraw my motion.

A rereading of section 14 was called for and it was read by Chairman Van Liew.

MR. GREENWOOD: I move to strike out all that part of section 14 that begins with the word "direct." Mr. Cary seconded the motion.

E. O. VAILE, of Illinois: *Mr. President*, I regret exceedingly that my esteemed friend has forced this question to an issue here and now. The clause which he moves to strike out is the vital point in the resolution. Can we afford to strike it out? If his motion

\*The official copy of the Declaration of Principles which was filed with the Secretary was not signed by any members of the Committee on Resolutions. Altho it bore the typewritten names of all members, it was known that some members were not present at Los Angeles. It was therefore necessary for the Secretary to get authority, by correspondence, from each member of the Committee for attaching the respective signatures to the report. This correspondence led to the full authorization of the signatures of the four members first named, altho Miss Chamberlain states that she opposed the adoption of section 14 until such time as it could receive full discussion and the approval of the active members, but finally agreed to it because she understood at the time that it was approved by a majority of the Committee.

\*Superintendent F. G. Blair and President G. R. Glenn were not present at Los Angeles and were therefore not parties to the report. They however, authorize attaching their signatures to the Declaration of Principles, with a proviso excepting section 14. They both express dissent from the mandatory feature of that section as embodied in the report.

\*Superintendent W. E. Hatch authorizes his signature to be added as approving the report with the exception of Section 14, in which he did not concur so far as it "directed" the immediate adoption of all of the new forms recommended by the Simplified Spelling Board.

\*Mrs. Maude B. Hansche, authorizes her signature to be added with non-approval of section 14.

prevails the whole spelling reform movement will be throttled in the house of its friends and this great organization will stand before the world self-stultified and discredited.

We all noted with surprise in the papers this morning the action of our new board of directors last evening instructing our secretary to use hereafter the old spellings of "tho," "thru," "thoro" and their compounds. That resolution was introduced at the close of a strenuous session, after some directors had left the meeting and while others were engaged in the committee-room. No notice had been given that the subject would be brought up. By twelve ayes and eight nays, and without any discussion whatever, the resolution was passed, and this, the largest and most influential educational organization in the world, was made to appear in the dispatches this morning as trifling not only with its own record and dignity, but with a subject which by its own example and teaching for ten years the public has begun to regard as worthy of serious consideration. This resolution was introduced and passed not only in defiance of fair play but in defiance of the well-known sentiment of a large majority of our membership.

This is the first instance in all the ten years of this spelling agitation among us, in which any important action has been proposed without giving opportunity for full discussion—the first instance of what was not conspicuously a square deal.

The real question before us is, shall we indorse this reactionary step taken by our board of directors, or shall we assert our supremacy and countermand its order? You are the supreme court to settle this question. I cannot think for one moment that you are going to strike out the vital clause from this resolution.

Ten years ago this organization thru its board of directors, instructed its secretary to adopt thereafter in all official publications and correspondence such simplified spellings as have been recommended by a committee consisting of Dr. W. T. Harris, Superintendent Soldan of St. Louis, and Superintendent Balliet of Springfield, Mass.

From that day to this these twelve so-called N. E. A. short spellings have been used in all matter put forth by this Association, and thru the influence of its authority and example these short forms have grown gradually but constantly in public favor and use.

For four years, as you know, a proposition was pending before this Association, to give a considerable sum annually to foster this movement. Altho our active membership declared itself overwhelmingly in favor of the proposition, our constituted authorities prevented action upon it until such action became needless thru the courage of one of our philanthropic millionaires who stepped into the breach and offered the necessary funds, if a satisfactory number of prominent business and educational men would positively identify themselves with this cause and take personal charge of the expenditure of the money in promoting it.

This explains the origin of the Simplified Spelling Board, the creation of which is directly due to discussions and actions in this body or in the Department of Superintendence, a board on which several of your prominent members have seats and an influential voice. On this board there is not a man whose record and prominence in education, or science, or literature, or business, does not entitle his judgment to the confidence and indorsement of every man or woman in or out of this Association. There is not a single spelling reform zealot or fanatic on that board. They are level-headed, sensible, cautious, but progressive men—not only President Roosevelt, United States judges, and university presidents and professors, but the editor-in chief of every English dictionary of any prominence either in this country or in England. Not a man among them who, for a moment, would countenance any extreme or impracticable step.

This is the board whose first practical recommendation our committee advises us to instruct our secretary to follow hereafter. Shall we stand by this board, for whose existence we are so largely responsible, or shall we desert it at this critical period?

Everybody knows that the 300 shorter spellings which constitute this first step consist of the simpler of two different spellings, both of which are fully established by good usage

and dictionary authority. There is not a word in the list which in any real sense can be called a new spelling.

It is stated by those who ought to know better that no publications have as yet adopted the N. E. A. spellings; that these spellings have made no headway. I hold in my hand a printed list of over 100 periodicals which now regularly use these twelve simpler forms or others of their own choosing. Here are the *New York Independent*, the *Springfield Republican*, the *Toronto Globe*, the *Minneapolis Journal*, the *Literary Digest*, the *Medical World*, the *New York School Journal*, and a number of scientific and trade journals. One of the leading dailies of this city (Los Angeles) has had under consideration the adoption of the N. E. A. spellings. Is there any truth or sense in saying that this does not indicate progress? What more can reasonably be asked? I am credibly informed that some of our leading monthlies are considering the formation of a league looking to the simultaneous adoption of the shorter spellings recommended by the Simplified Spelling Board. So potent have been the authority and example of this Association that the twelve N. E. A. spellings are now generally regarded as fairly well authorized. Today you will scarcely find an educational institution, or a city or county school superintendent or examining board in this whole country outside of the most benighted and backwoods districts who wishes or dares to discriminate against these short spellings when they appear in the manuscripts of pupils and teachers. The educated public now clearly accepts them as permissive forms. Yet, in spite of all this, we are now compelled to combat here an effort to have this organization turn its face backward in this matter and bring upon itself discredit and ridicule.

Nothing has occurred to justify this backward step. The cause is progressing. A well organized board, with funds in hand, almost the direct offspring of this Association, is now in the field to head this movement. It deserves, and it ought to have, and I believe it will have, our indorsement to the full extent indicated in the resolution reported by our committee.

I move as a substitute for the motion now pending that section 14 be allowed to stand as it is.

PRESIDENT SCHAEFFER: That motion would be out of order.

MR. VAILE: I move as a substitute for the motion now pending, that section 14 be allowed to stand as read: Seconded.

PRESIDENT SCHAEFFER: That motion is in order and is now open for discussion.

MR. GREENWOOD: Ten years ago I was one of eighteen directors who voted for the use of the list of twelve words, when seventeen directors voted against it. I state this to show that this has been understood to be the business of the Board of Directors. Now, if this mass meeting is to pass on matters of this kind, we could include 1,200 words just as well as 300. The point I make is, that it is the Board of Directors which should direct. This resolution proposes to direct the administrative policy of the Association when it has no authority to direct. I want my objection to go on record, because this is a legal question. We can here in this meeting express our opinions, but we should not assume to direct in matters that belong to the administrative body.

MISS SHIRLEY: I am in favor of progress, and opposed to taking any backward step. If this reform spelling was good last year, it is good this year. I know of no higher tribunal than the teachers themselves. If our directors do not do as we wish, we will depose them and not be run by a clique. Let us not stultify ourselves. I, as a teacher, have worked on this old spelling many years; as a pupil, I learned it, but I am not proficient in it today. Let us have something that is sensible.

MR. VAILE: I am sorry that my friend from Missouri has befogged this question. The Board of Directors is supreme in financial and administrative questions, but this spelling question is not an administrative question.

PRESIDENT SCHAEFFER: The question is on the substitute offered by Mr. Vaile.

The President, in answer to a question, stated that only active members should vote on Mr. Vaile's motion to leave section 14 as read by Chairman Van Liew.

MR. VAILE: I call for a rising vote.

A rising vote was ordered, which resulted in the motion being carried by 209 to 23. It was, however, impossible to determine if all voting were active members of the Association.

On motion, the Declaration of Principles was then adopted by a general vote of the convention, the vote not being confined to active members.

Chairman Van Liew then read the balance of the report of the Committee on Resolutions as follows:

*Resolved*, That we recognize in the presence at our meeting of an official delegation of distinguished representatives of the Ministry of Public Instruction of the United States of Mexico, an event of the first importance in the future relations of the American republics. We hail their coming as the auspicious beginning of educational interchange with neighboring nations, an interchange by which each country shall learn valuable lessons from the other, and which cannot fail to be of the utmost importance, therefore, to the future development of both. And we take this opportunity to transmit to the teachers of the Republic of Mexico the assurance of our very great interest and satisfaction in the work which they have already accomplished, and are now striving to accomplish thru the agencies of public instruction.

*Resolved*, That we express to Doctor William T. Harris, who has retired since our last meeting from his post as Commissioner of Education, sentiments of deep affection and high honor. In so doing we would bear witness to our very high appreciation of the splendid leadership he has long given us, of the intellectual, moral, and professional stimulus we have always felt from it, and of the tremendous value of his far-reaching labors.

*Resolved*, That the thanks of the National Educational Association are due, and are hereby most cordially tendered, to the residents of Los Angeles for their lavish and hearty hospitality; to the newspapers of Los Angeles, and to the associated press that have fully recorded the proceedings of the Association; to those railroads and other transportation companies that have aided in bringing about a large membership and attendance; to the teachers of Los Angeles and of California for their splendid support and entertainment, especially to those whose services upon local city and state committees have made the organization and conduct of the meeting a success, and to many of the citizens of California and Los Angeles, who are not teachers, but whose interest in the Association and efforts in behalf of this convention have been vital.

On motion the resolutions were adopted by the convention in a rising vote.

CHAIRMAN VAN LIEW: Mr. Secretary, in behalf of the Committee on Resolutions and of the entire Association, I move the adoption of the following resolution, and ask you to put the motion.

*Resolved*, That the thanks of the Association be tendered the retiring President, Superintendent Nathan C. Schaeffer, of Pennsylvania, and J. N. Wilkinson, of Kansas, the retiring Treasurer, for the faithful and efficient services which they have rendered the Association during the past two years.

The Secretary put the motion which was unanimously carried by a rising vote of the entire convention.

Chairman Van Liew then presented a resolution authorizing the President to appoint a committee of two to attend a conference to be held at Middle Bass Island, Lake Erie, in the first week in August, by the National Tax Commission, the National Mercantile Commission, and the National Grange, for the purpose of considering child-labor and compulsory education, including school taxation and instruction in rural schools.

On motion of Chairman Van Liew the resolution was adopted. President Schaeffer appointed Superintendent W. H. Elson, of Cleveland, Ohio, and President-elect E. G. Cooley, of Chicago, Illinois, as the committee representing the National Education Association.

Alexander Hogg, of Texas, presented the following resolution and moved its adoption:

WHEREAS, Our social equilibrium seems to be very unstable, as appears in strikes and other evidences of dissatisfaction upon the part of one class of our citizens in opposition to another class, and

WHEREAS, there is a wide and deep estrangement between those who labor with both their hands and brains, and those who labor with their brains alone, and

WHEREAS, this estrangement has grown into open defiance of the right and security of property, and

WHEREAS, peace at home, good feeling among our own citizens, should be first sought and first cultivated, and our youth should be instructed in this direction, therefore

*Be it resolved*, That it is the sense of this association, that it is the duty of the teachers, of this Republic, to enter at once upon a systematic source of instruction, which shall embrace not only a broader patriotism, but a more extended course of moral instruction, especially in regard to the rights and duties of citizenship, the right of property, and the security and sacredness of human life.

Upon motion the resolution was adopted by vote of the convention.

The president appointed E. O. Lyte of Pennsylvania and W. A. Edwards, of California to escort President-elect Edwin G. Cooley to the platform.

PRESIDENT SCHAEFFER: President Cooley, the teachers of America have watched with admiration the battles for good schools that you have for years been fighting, and they have shown their appreciation by electing you President of this Association. I now hand to you this gavel as the symbol of authority, with the hope that you will receive from the members the same loyal support that has been given to your predecessor. I now take pleasure in introducing to the convention President-elect Edwin G. Cooley of the National Education Association of the United States.

PRESIDENT COOLEY: Mr. President, ladies and gentlemen: It is certainly an honor to be prized by any schoolmaster, to be selected as presiding officer by this great body. I am more than appreciative of the honor that has been conferred. I cannot expect to have the opportunities, even if I had the power and ability, to push to a successful close, as many great enterprises as have fallen to my predecessor. I feel that we cannot express too highly our appreciation of what he has done.

I hope that I shall see the teachers of the East as well as the West at the next meeting. I shall do all in my power to bring about a successful convention in 1908. I cannot say more at this time. I thank you for the very kind reception you have given me.

After the singing of "America," under the leadership of James A. Foshay, of Los Angeles, the President declared the convention adjourned *sine die*.

IRWIN SHEPARD, *Secretary*.

E. E. SCRIBNER, of Michigan: I move that the report of the Secretary be received and printed in the volume of *Proceedings*. Motion was carried, and it was so ordered.

PRESIDENT SCHAEFFER: Next is unfinished business, and the first item under this heading is a report to the Board of Directors by the Board of Trustees on the act of incorporation, and the action of the Board of Directors on said report. The Board of Trustees were instructed by the active members and the Board of Directors at the Asbury Park meeting in 1905 to secure if possible the passage by Congress of a proposed bill granting the Association a national charter of incorporation. As you have been officially informed by the Secretary the act incorporating the Association was passed by Congress and approved by the president of the United States, June 30, 1906. We will hear the report of the Board of Trustees to the Board of Directors concerning this matter.

Secretary Shepard read the report and the recommendations of the Board of Directors as follows:

*To the Board of Directors of the National Educational Association:*

Gentlemen: The Board of Trustees respectfully report that pursuant to a resolution adopted at the annual business meeting of the Association, held on July 6, 1905, the Board made application to Congress for a special act in the form approved by the Association at said meeting, to incorporate an association to be known as the "National Education Association of the United States" to succeed and continue the National Educational Association.

The Board further report that said act was passed by both houses of Congress with some technical amendments, not affecting the substance, and was approved by the President and became a law on June 30, 1906. The act provides that it shall take effect when the charter thereby granted is accepted and when by-laws are adopted by the members of the present Association.

The Board is of the opinion that the new charter, a copy of which is attached, offers the Association great advantages in assuring to it perpetuity of existence and a national character, in safeguarding its funds, and generally by increasing its powers and influence, and therefore unanimously recommends that the charter be accepted and that by-laws be adopted in accordance with the provisions of this act.

Respectfully submitted,

NICHOLAS MURRAY BUTLER, *Chairman*,  
J. M. GREENWOOD,  
NATHAN C. SCHAEFFER,  
*Trustees.*

RESOLUTIONS ADOPTED AT A MEETING OF THE BOARD OF DIRECTORS HELD AT LOS ANGELES, CAL., JULY 8, 1907

*Resolved*, That the Board of Directors accept the report of the Board of Trustees and unanimously approve the recommendations therein contained;

*Resolved*, That the Board of Directors recommend the adoption by the Association of the following resolutions:

1. *Resolved*, That the National Educational Association hereby accepts the charter granted by an act of Congress entitled "An Act to Incorporate the National Education Association of the United States," passed June 30, 1906, and that the President and Secretary of this meeting be authorized and directed to execute and file with the recorder of deeds of the District of Columbia a verified certificate showing the acceptance by the Association of the charter granted by said act.

2. *Resolved*, That the proposed by-laws, of which notice was given at the annual meeting of the Association held on July 6, 1905, which are printed in full in the journal of said meeting, be and the same are hereby adopted to take effect immediately.

3. *Resolved*, That the Association adopt as its corporate seal a circle containing the title "National Education Association of the United States," and the dates "1857-1907."

4. *Resolved*, That the Association do now proceed to elect officers, and to organize under the charter granted by the act of Congress.

(Copies of the Report, of the Act of Incorporation and of other papers relating thereto were distributed to the members.)

O. J. CRAIG, of Montana: I move that this report of the Board of Trustees and the recommendations of the Board of Directors be received. The motion was carried without an opposing vote.

CHARLES H. KEYES, of Connecticut: I move the adoption of the report of the Board of Trustees and of the resolutions thereon, passed by the Board of Directors. The motion was seconded.

MR. BLACK, of California: I propose that we consider these resolutions separately and, with Mr. Keyes's permission, I move the adoption of resolution No. 1. The division of the question was agreed to by Mr. Keyes.

PRESIDENT SCHAEFFER: It has been moved and seconded that resolution No. 1 be adopted. Are you ready for the question?

MISS ELIZABETH SHIRLEY, of California: Mr. President, I rise to take exceptions to section seven of the Act of Incorporation so far as it refers to the finances of the Association. I see that the permanent funds of the Association are by this section placed in the hands of the trustees. Now, of course, the money belongs to us; it is the teachers' money. I see that the trustees alone can make recommendations for the expenditure of these funds; that such recommendation can be referred to the active members for approval and if it is carried by a three-fourths vote of active members it is to be returned to the directors and they have the power to strike out and nullify the action of the members. That is, we leave the initiative and the referendum in the hands of committees.

Now, I stand for democracy. I stand for this National Educational Association as an association *of* the teachers, and *for* the teachers, and *by* the teachers, and I think that the provision referred to in section seven would be unsafe. I think that it would be unbusiness-like, and I think it would be undemocratic. We call the United States a democratic government, yet we would put our finances into the hands of a committee who will dictate to us what we shall do with them. Now, men, they say, are masters of their fortunes. You pass this motion accepting the act of Congress and the members of the National Educational Association of the United States will not be masters of their fortunes, so far as their finances are concerned. We shall have erected an oligarchy from under whose dominion we may peer about and find ourselves dishonored. It is unsafe, because it puts the power all in the hands of a few trustees and we, the people, have nothing whatever to say about what shall be done with our own money.

It is true, and "pity 'tis, 'tis true" that graft, as you know, is stalking through the American cities. Not in California alone; California is a kindergarten to what some of the cities in the east are. Go into the great cities; go into Chicago, Milwaukee, Omaha, New York, and Philadelphia, Mr. President, and you will find the grafter there with his money bags debauching the trustees and the school boards; buying special privileges. You will see the great American concern, with its thirty pieces of silver, buying the superintendents and forcing them up into high places.

Now, are we safe in running the risk of putting our property, our money, into the hands of people who may be bought and sold?

Voice from the audience: You elect your committees, trust them.

PRESIDENT SCHAEFFER: The lady has the floor.

MISS SHIRLEY: I say that it is undemocratic, and even if we were assured that every dollar of our money would be righteously administered, it is unbusiness-like. We profess to teach the pupils of America business principles. When they pick up this constitution they will see that the teachers are not capable of directing their own business, but have to put it into the hands of committees who will do the work for them. Now, if you can find in the confines of this great American country, any business man who will conduct his business on the principles of that section, I shall be surprised. Shall the teachers tie their hands and give their money into the hands of a committee? Shall they have no voice whatever in the administration of their money, or say what shall be done with it?

Now, we are to go out and teach business principles. If we are unable to take care of our own business, how can we stand up before the youth of America and talk to them about business principles? How can we face these pupils and talk of democracy when we put the initiative and the referendum into the hands of a committee? Let us vote down

this resolution, so that we can look the youth of America in the face when we talk of democracy. It is a fact that we need to guard the teachers of America in every way, and we should never, in our own business, adopt a measure that is so undemocratic. Mr. President, I thank you.

The "question" was called for by many members.

PRESIDENT SCHAEFFER: Are there further remarks? All in favor of the adoption of the first resolution read in your hearing say "aye;" (An apparently unanimous response of ayes). Opposed, "no." (No opposing vote was heard.)

PRESIDENT SCHAEFFER: The ayes have it. The resolution is adopted and the charter granted by act of Congress has been accepted and adopted by a unanimous vote of the active members of the National Educational Association.

It was moved and seconded that the second resolution be adopted. The motion was carried without opposing vote and the president declared the proposed by-laws adopted without amendment by unanimous vote.

On motion the third and fourth resolutions were successively carried by unanimous vote.

On motion of Mr. Greenwood, of Missouri, seconded by Mr. Carr, of Ohio, the four resolutions recommended by the Board of Directors were then adopted as a whole.

Joseph Swain, of Pennsylvania, chairman of the Committee on Nominations, being called upon by the chair, presented the report of that Committee as follows:

E. T. FAIRCHILD  
Secretary.

On motion of Mr. Carr, of Ohio, the report of the Committee on Nominations was received, and the Secretary was instructed to cast the ballot of the members present for the nominations as made. The Secretary reported the ballot cast as directed and the chairman announced the nominees elected as officers for the ensuing year.

President-elect Edwin G. Cooley, being called for, was invited to the rostrum and introduced by President Schaeffer. Mr. Cooley spoke briefly, expressing his high appreciation of the honor conferred by election to the office of president of the newly organized National Education Association of the United States and giving assurances that his best efforts would be directed, with the co-operation of the members, to bring about a successful convention in 1908.

C. G. PEARSE, of Wisconsin: Mr. Chairman, I move that section two of article five of the by-laws of the National Education Association, adopted this date, be so amended as to read as follows:

Section 2. The Council shall consist of 120 members, selected from the membership of the Association. Any member of the Association identified with educational work is eligible to membership in the Council.

That section three of article five be amended so as to read as follows:

Section 3. The Board of Directors shall annually elect ten members, and the Council shall elect ten members, each member to serve for six years, or until his successor is elected.

MR. KEYES, of Connecticut: I rise to a point of order. I think article eight of the by-laws just adopted provides for their amendment. This article reads that these by-laws may be amended at any annual meeting by the unanimous vote of the members present or by a two-thirds vote of the members present, provided that the alteration, or amendment, has been proposed in writing at a previous annual meeting. The motion is evidently not in order since the amendment has not been proposed in advance. I should like to have the opinion of the Counsel of the Board of Trustees on this point.

PRESIDENT SCHAEFFER: I think the active members will be pleased to hear the opinion of our Counsel, Mr. Pine, of New York, as to whether we should, or can, amend the by-laws before the Certificate of Incorporation has been filed, according to the requirements of the act of Incorporation.

MR. PINE, of New York: Mr. President; it is my opinion that under the by-laws, it is possible to adopt the amendment proposed by Mr. Pearse only by unanimous consent. I should think it would be more regular that notice be given at this meeting in order that the proposed amendment might come before the next annual meeting.

MR. PEARSE: Mr. Chairman, in view of the opinion of Mr. Pine, I will give the notice, as suggested, and let the matter lie over until the next annual meeting.

PRESIDENT SCHAEFFER: Notice is given by Mr. Pearse of the proposed amendment which will come up for action at the next year's meeting.

MR. BAKER, of Colorado: I rise to speak, representing the National Association of State Universities, preliminary to the introduction of a resolution. As it is important that a preliminary explanation be made, I trust that the Chair will be willing to waive the formality of reading the resolution first.

At the meeting of the National Association of State Universities held in Baton Rouge, last November, a report on the question of a national university was made, and the recommendations of the committee on that subject were unanimously adopted. A standing committee was appointed to further the cause, consisting of President Edmund J. James, of the State University of Illinois, President W. O. Thompson, of the State University of Ohio, and President Brown Ayres, of the University of Tennessee. This committee was instructed to ask the National Educational Association to appoint a committee to further the cause of a national university, or of some kind of organization which would enable the students of this country to use the many facilities in Washington which are extremely valuable in original research.

We understand that the Association has for a long time been committed to the idea of some kind of an organization at Washington that would facilitate the use of the valuable and extensive government collections. We are not asking that a committee of investigation be appointed, but a committee to appeal to Congress to take up the matter and investigate it, and in doing so, to co-operate with the movement that has been organized by the Association of State Universities. The last investigation shows two things: first, that the facilities there available for the scholars of this country, and of the world, can be enumerated under some seventy distinct heads, with many subdivisions under some of these heads, and that here is an opportunity to promote one of America's greatest educational interests.

With this explanation, I will give way to President W. O. Thompson, the only member of that standing committee present, who will offer the resolution.

PRESIDENT SCHAEFFER: President Thompson has the floor.

MR. THOMPSON, of Ohio: Mr. Chairman, the explanation which has been made by President Baker is a sufficient introduction of the resolution which I shall now offer and which has been drawn up in accordance with the instructions of the Association of State Universities as follows:

WHEREAS, The National Association of State Universities in session November, 1906, took action looking toward the establishment of a graduate university owned and controlled by the federal government, and appointed a permanent committee to aid the cause and to present the matter to the National Educational Association, and to urge the naming of a committee instructed to co-operate in securing a national university; therefore be it

*Resolved*, That we, the active members of the National Educational Association reaffirm the previous declarations of this Association concerning the establishment of a graduate university at Washington, D. C., and express our belief in the wisdom of such a university, or some form of organization that shall utilize for research the facilities assembled in Washington, to be owned and controlled by the federal government; that a committee of three be appointed to promote the cause; and that an appropriation not to

exceed \$500 be recommended to the directors to provide for the necessary expenses of the committee.

I move the adoption of the resolutions as read. It was seconded and carried.

On motion, the resolution was then referred to the new Board of Directors with request that the desired appropriation of \$500 be granted for the expenses of the Committee.

PRESIDENT SCHAEFFER: The Board of Directors, whose term expires tomorrow, adjourned on Monday last to meet at the call of the chairman should a meeting be necessary. The chair finds that no such meeting is necessary, therefore no meeting will be held. The new Board of Directors will hold its first business meeting at 4:30 P. M., Thursday, July 11, in the Children's Hall of the Temple Building.

MR. HARVEY, of Wisconsin: At the last meeting of active members at Asbury Park, in July, 1905, amendments were proposed to the by-laws as they then existed, which have not yet been acted upon. I believe this is a proper matter for consideration at this time and therefore move that these proposed amendments be laid on the table. The motion was carried and it was so ordered.

There being no other business, a motion to adjourn was made and carried and the chairman declared the annual meeting of active members adjourned.

IRWIN SHEPARD, *Secretary*.

## PROCEEDINGS OF THE BOARD OF DIRECTORS FOR 1906-1907

The annual meeting of the Board of Directors was called to order in Children's Hall of the Auditorium Building, Los Angeles, California, at 11:00 A. M., July 8, 1907, by President Nathan C. Schaeffer. The following Directors responded to roll-call:

Total number of directors present at this meeting, thirty-two.

The Twenty-first Annual Report of the Board of Trustees for the year July 1, 1906, to June 30, 1907, was presented and printed copies of the same were distributed to the directors. On motion of Director J. M. Greenwood, the reading of the report was dispensed with and the report was approved and ordered printed in the annual volume of *Proceedings*.

The reports of the Treasurer, J. N. Wilkinson, of Emporia, Kan., for the years 1905-06 and 1906-07 were presented. The report for the first of the two years was adopted as printed in the anniversary volume. The report for 1906-07 was read in full and on motion was referred to the Board of Trustees for audit and approval.

The report of Secretary, Irwin Shepard, embodying a review of the reports of the Secretary from 1893 to 1907 was next presented and printed copies of the same were passed to the directors. On motion, the reading of the report was dispensed with and the report was approved as printed in the anniversary volume.

Secretary Shepard then made a brief statement with regard to railroad rates to the effect that certain questions remained unsettled between the Association and the railroads of the Trans-Continental Association regarding the expense of validation of the tickets for return of National Educational Association members at Los Angeles. Since the question was a complicated one the Secretary advised that it be referred to a committee for

negotiation and settlement. On motion of Director L. D. Harvey, of Wisconsin, the entire question of validation and other expenses was referred to the Executive Committee and Board of Trustees with power to act.

The Secretary then called attention to the action of the Board of Directors at its meeting July 4, 1905, receiving the petition of Louis C. Monin, dean of the Armour Institute of Technology, and others, for the organization of a new department of the National Educational Association to be known as the Department of Technical Education. This petition was referred to the Executive Committee of the Association with power to act. The Secretary reported that the Executive Committee at its meeting in Louisville, Ky., Feb. 28, 1906, voted to approve the petition and to authorize the establishment of the Department of Technical Education. On motion the action of the Executive Committee was approved by the Board of Directors.

In the absence of the chairman of the Board of Trustees, Nicholas Murray Butler, of New York, J. M. Greenwood, of Missouri, secretary of the Board, read the following special report of the Trustees:

*To the Board of Directors of the National Educational Association.*

Gentlemen: The Board of Trustees respectfully report that pursuant to a resolution adopted at the annual business meeting of the Association, held on July 6, 1905, the Board made application to Congress for a special act in the form approved by the Association at said meeting, to incorporate an association to be known as the "National Education Association of the United States" to succeed and continue the National Educational Association.

The Board further report that said act was passed by both houses of Congress with some technical amendments, not affecting the substance, and was approved by the President and became a law on June 30, 1906. The act provides that it shall take effect when the charter thereby granted is accepted and when by-laws are adopted by the members of the present Association.

The Board is of the opinion that the new charter, a copy of which is attached, offers the Association great advantages in assuring to it perpetuity of existence and a national character, in safeguarding its funds and generally by increasing its powers and influence, and therefore unanimously recommends that the charter be accepted and that by-laws be adopted in accordance with the provisions of this act.

Respectfully submitted,  
NICHOLAS MURRAY BUTLER, *Chairman*,

NATHAN C. SCHAEFFER,

*Trustees.*

On motion of Director John R. Kirk, of Missouri, the report was accepted and the following resolutions were unanimously adopted.

*Resolved*, That the Board of Directors accept the report of the Board of Trustees and unanimously approve the recommendations therein contained;

*Resolved*, That the Board of Directors recommend the adoption by the Association of the following resolutions:

1. *Resolved*, That the National Educational Association hereby accepts the charter granted by an act of Congress entitled "An Act to incorporate the National Education Association of the United States," passed June 30, 1906, and that the President and Secretary of this meeting be authorized and directed to execute and file with the recorder of deeds of the District of Columbia a verified certificate showing the acceptance by the Association of the charter granted by said act.

2. *Resolved*, That the proposed by-laws of which notice was given at the annual meeting of the Association held on July 6, 1905, which are printed in full in the journal of said meeting, be and the same are hereby adopted to take effect immediately.

3. *Resolved*, That the Association adopt as its corporate seal a circle containing the title "National Education Association of the United States," and the dates "1857-1907."

4. *Resolved*, That the Association do now proceed to elect officers, and to organize under the Charter granted by the Act of Congress.

The Chairman stated as the next order of business the election of three trustees to fill vacancies as follows:

One Trustee to succeed Nicholas Murray Butler, for the term to expire 1910.

One Trustee to succeed N. C. Dougherty, resigned, for the term to expire 1908.

One Trustee to succeed Albert G. Lane, deceased, for the term of three days to expire July 11, 1907.

On motion, Nicholas Murray Butler, of New York, was unanimously elected to succeed himself for the term to expire July, 1910.

The names of C. G. Pearse, of Wisconsin, and E. G. Cooley, of Illinois, were put in nomination to succeed N. C. Dougherty, resigned. An election by ballot was ordered. Charles H. Keyes, of Connecticut, and A. H. Chamberlain, of California, acted as tellers. The ballot resulted in C. G. Pearse receiving fifteen votes and E. G. Cooley fourteen.

The Chairman announced the election of C. G. Pearse as trustee to succeed N. C. Dougherty, resigned, for the term to expire 1908.

H. B. Brown, of Indiana, was on motion elected to succeed Albert G. Lane, deceased, for a term of three days to expire Thursday, July 11, 1907.

## PROCEEDINGS OF THE NEW BOARD OF DIRECTORS FOR 1907-1908

The meeting of the new Board of Directors of the National Education Association for the year 1907-8 was called to order by President E. G. Cooley, at 4:30 P. M., July 12, 1907, in Children's Hall, Temple Auditorium, Los Angeles, Cal.

The following Directors responded to the call of the roll:

**PRESIDENT COOLEY:** The first order of business is a communication from the Department of Secondary Education, concerning the report of the Committee on the Professional Preparation of Teachers which was referred to that department by the Board of Directors at its meeting July 8, with request that it be reported back to this Board at this time with recommendations.

The secretary read the communication as follows:

*To the Board of Directors of the National Educational Association:*

The Departments of Secondary Education of Normal Schools, and of Higher Education have had under consideration the report of the committee appointed by the Secondary Department at its meeting in Asbury Park, July, 1905, on the Preparation of Teachers for Secondary Schools and said departments jointly recommend that the report be approved and ordered printed by the Board of Directors, both in the volume of *Proceedings* of this meeting, and also in pamphlet form convenient for distribution. Also that an appropriation of \$30 be made to reimburse the committee for clerical expenses in preparing the report.

(Signed) EUGENE W. LITTLE,  
President, Department of Secondary Education.

**DIRECTOR BARTHOLOMEW, of Kentucky:** I move that the recommendation be concurred in, that the report be printed as recommended. The motion was carried, and it was so ordered.

Secretary Shepard reported that the following resolutions and request for an appropriation had been referred to this Board by the Active Members of the Association as follows:

Extract from minutes of meeting of active members held July 10, inst.

W. O. Thompson, of Ohio, offered the following resolution and moved its adoption:

WHEREAS, The National Association of State Universities in session November, 1906, took action looking toward the establishment of a graduate university owned and controlled by the federal government, and appointed a permanent committee to aid the cause and to present the matter to the National Educational Association, and to urge the naming of a committee instructed to co-operate in securing a national university, therefore be it

*Resolved,* That we, the active members of the National Educational Association,

reaffirm the previous declarations of this Association concerning the establishment of a graduate university at Washington, D. C., and express our belief in the wisdom of such a university, or some form of organization that shall utilize for research the facilities assembled in Washington, to be owned and controlled by the federal government; that a committee of three be appointed by the President of the Association to promote the cause; and that an appropriation not to exceed \$500 be recommended to the directors to provide the necessary expenses of the committee.

The motion was duly seconded and carried. On motion, the resolution was referred to the new Board of Directors with the request that the desired appropriation of \$500 be granted for the expenses of the committee.

DIRECTOR J. M. GREEN, of New Jersey: I move that this matter be laid over until the next meeting and that when presented again it be accompanied by a review of what the Association has already done in the direction of the resolution presented. I know that there was for many years a standing committee on this subject and that much work was done. Doubtless a review of the work of this committee would be a valuable guide. (Seconded.)

DIRECTOR O. J. CRAIG, of Montana: This movement comes from the National Association of State Universities and was adopted by that Association at its session in Baton Rouge, La., in November last. The purpose of this resolution is to secure the indorsement and co-operation of the National Education Association as stated by President Baker, of Colorado, yesterday in the meeting of Active Members.

DIRECTOR J. M. GREENWOOD, of Missouri: I hope that the motion to postpone will not prevail, but that action may be deferred until the report of the Committee on Investigations and Appropriations be received since the matter will be included in that report.

The motion to postpone until the next meeting was withdrawn by Director Green with consent of the one who seconded the motion. It was then moved and carried that action on the matter be delayed until the report of the Committee on Investigations and Appropriations of the National Council had been presented.

DIRECTOR N. C. SCHAEFFER, of Pennsylvania: Section eight of the newly adopted charter of the Association provides that the principal office of the corporation shall be in the city of Washington, D. C. This is in accordance with the usual requirements for all associations or corporations organized by special act of Congress. This does not, however, prevent the Association from maintaining an office or offices elsewhere within the United States for the transaction of business as may be determined by the Board of Directors or otherwise in accordance with the by-laws. I therefore offer the following resolution and am authorized to state that Dr. W. T. Harris has kindly tendered the use of his residence on Fairmont Street in the city of Washington as the principal office of the Association:

*Resolved*, That pursuant to section eight of the charter, 1360 Fairmont Street, N. W., in the city of Washington, D. C., be, and the same is hereby designated as, the principal office of the National Education Association of the United States, and that the Honorable W. T. Harris be requested and authorized to act as the representative of the Association having charge of such office.

I move the adoption of the resolution. The motion was seconded and carried and it was so ordered.

DIRECTOR CHAS. H. KEYES, of Connecticut: I move that the office of the Secretary of the National Education Association of the United States be continued in the city of Winona, in the state of Minnesota as heretofore, and that this office shall be the executive office of the Association. The motion was seconded and carried.

DIRECTOR SCHAEFFER: The following resolution should be acted upon at this time in order to carry out the provisions of the new charter adopted at the meeting of active members yesterday.

*Resolved*, That the Board of Trustees be requested to have prepared a suitable design for the corporate seal of the National Education Association of the United States, and to submit the same at the meeting of the Board of Directors to be held in July, 1908.

I move the adoption of the resolution.

The motion was seconded and carried, and it was so ordered.

PRESIDENT COOLEY: The Secretary will read a communication from the National Council of Education.

The Secretary read the following communication:

*Irwin Shepard, Secretary National Educational Association, Los Angeles, California:*

Dear Sir: I am directed by the National Council of Education to submit through you to the Board of Directors the following report of the Committee on Investigation and Appropriations of said Council.

This report has been duly accepted and unanimously adopted by the Council.

(Signed) J. W. CARR,  
Secretary, National Council of Education.

REPORT OF THE COMMITTEE ON INVESTIGATIONS AND APPROPRIATIONS TO THE  
NATIONAL COUNCIL OF EDUCATION

The Committee on investigations and appropriations submits the following report on such matters as have been regularly brought before it and recommends that investigations be made on each subject mentioned below. The Committee also recommends that the Board of Directors be requested to appropriate the amount of money asked for in order to defray the necessary expenses of each of the several committees suggested.

(1) That the sum of five hundred dollars (\$500), or so much thereof as may be necessary, be appropriated to make a preliminary inquiry into the contemporary judgment as to the culture element in education, and the time that should be devoted to the combined school and college course and that the president of the Council appoint a committee of five to make a report at some future time to the National Council of Education on this subject.

(2) That the sum of five hundred dollars (\$500), or so much thereof as may be necessary, be appropriated to defray the expenses of a committee to be appointed by the president of the Council to investigate and submit a tentative report on a system of teaching morals in the public schools of the United States.

(3) That the sum of five hundred dollars (\$500) or so much thereof as may be necessary, be appropriated for the use of the Committee on Industrial Education for Rural Schools and that the present committee of five be reduced to three to be appointed by the president of the Council.

(4) That a committee be appointed by the president of the Council to consider and make a preliminary report on the shortage in the supply of teachers, conditions, causes and remedies, and that the sum of five hundred dollars (\$500), or so much thereof as may be necessary, be appropriated to defray the expenses of this committee.

(5) That a committee be appointed by the president of the Council to consider and make a preliminary report on provisions for exceptional children in the public schools and that the sum of five hundred dollars (\$500), or so much thereof as may be necessary, be appropriated to defray the expenses of this committee.

J. M. GREENWOOD, *Chairman*,  
FRANK A. FITZPATRICK,  
ELMER E. BROWN,  
LORENZO D. HARVEY,  
*Committee.*

DIRECTOR JOHN R. KIRK, of Missouri: I move that the report of the Committee on Investigations and Appropriations of the Council be received, and that the several committees recommended be authorized and the corresponding appropriations granted. The motion was seconded by Director George B. Cook, of Arkansas.

SECRETARY SHEPARD: I desire to ask if the first resolution does not have reference to the same subject as is under consideration by a committee now in existence of which President Charles W. Eliot is chairman. This committee made a report of progress at the Asbury Park meeting, but has never been discharged. Will there not be confusion if a new committee is created while the former one is in existence?

DIRECTOR GREENWOOD: I am one of the five members of the committee of which President Eliot is chairman. This committee was appointed in 1903 to report on the

advisability of an investigation proposed by President Baker of the University of Colorado concerning the contemporary judgment as to the culture element and economy of time in education. The committee was unable to determine just what President Baker had in mind as the field for the proposed investigation. The committee made what it considered as a final, but not unanimous, report at the Asbury Park meeting. It was therefore thought advisable by the Committee on Investigations and Appropriations to appoint a new committee of which President Baker ought to be chairman.

On motion, it was ordered that each recommendation of the report should be voted upon separately.

After some discussion it was ordered that the recommendation for the appointment of a Committee of Investigation into the "Contemporary Judgment as to the Culture Element in Education and the Time That Should Be Devoted to Combined School and College Courses" be approved and that \$500 be appropriated for the expenses of the committee.

On motion of Director Estelle Reel, of Wyoming, recommendation No. 2 was approved and \$500 appropriated to defray the expenses of a committee to investigate and report on a "System of Teaching Morals in the Public Schools of the United States."

On motion of Director W. H. Bartholomew, of Kentucky, recommendation No. 3 was adopted and the sum of \$500 appropriated for the use of the committee on "Industrial Education for Rural Schools." It was also ordered that the present committee of five should be reduced to a committee of three to be appointed by the president of the Council.

On motion, recommendation No. 4 was adopted and it was ordered that a committee be appointed by the president of the Council to report on the "Shortage in the Supply of Teachers, Conditions, Causes, and Remedies," and that the sum of \$500 be appropriated for the expenses of the committee.

On motion, recommendation No. 5, providing for a committee to report on "Provisions for Exceptional Children in Public Schools," and an appropriation of \$500 for the expenses of the committee was approved.

On motion of Director Greenwood the Committee on the Investigation, proposed by President Baker, as to the culture element in education of which President Eliot was chairman was discharged.

On motion of Director Greenwood the resolution concerning an appropriation for the expenses of a committee on a national university was again taken up for consideration. President James H. Baker, of the University of Colorado, being present, was recognized by the chair and made a brief explanation of the purposes of the proposed investigation and urged favorable action upon the recommendation of the active members that the proposed committee be appointed and the sum of \$500 be appropriated for their expenses.

Following a discussion by Directors Prince, of Massachusetts; Greenwood, of Missouri; Towne, of Nebraska, and Craig, of Montana, the motion of Director Green of New Jersey was renewed that action on the question be deferred for one year. This motion being put to vote was lost.

On motion of Director O. J. Craig, of Montana, the resolution adopted by the active members was approved and \$500 appropriated for the expenses of a Committee on a National University to be appointed by the President of the Association.

The chairman announced that the next order of business was the election of a trustee to serve four years to succeed H. B. Brown, of Indiana, whose term expires at this meeting.

Director T. A. Mott, of Indiana, nominated H. B. Brown to succeed himself as trustee for the term to expire 1911. Director Craig, of Montana, seconded the nomination and moved that the secretary be instructed to cast the ballot of the Board of Directors for H. B. Brown to succeed himself. This motion was seconded and carried. The ballot was so cast, and Mr. Brown was declared duly elected.

The chairman announced the next order of business to be the election of a member of the Executive Committee for the term of one year to succeed W. T. Harris, term expired.

L. D. Harvey, of Wisconsin, and W. T. Harris, of Washington, D. C., were nominated for this office.

On motion, it was ordered that the directors ballot for the election of the member of the Executive Committee. Directors C. P. Cary, of Wisconsin, and E. O. Lyte, of Pennsylvania, were appointed to act as tellers. The ballot resulted in W. T. Harris receiving nineteen, and L. D. Harvey fifteen, votes.

On motion, of Director Green of New Jersey, W. T. Harris was declared unanimously elected as a member of the Executive Committee to succeed himself.

President Cooley named as a committee on nominations of members of the National Council to fill vacancies: Directors J. M. Greenwood, of Missouri; Charles H. Keyes, of Connecticut; O. J. Craig, of Montana; William Allison, of Utah, and T. A. Mott, of Indiana. The Committee on request of its chairman were excused to prepare their report.

President Cooley announced the next order of business to be the consideration of invitations for the next convention.

On motion, the usual roll call of states was dispensed with and the chairman was directed to recognize a representative from the city of Cleveland, Ohio.

President F. H. Haserot, of the Cleveland Board of Education was introduced by President Cooley and addressed the convention at some length extending to the Board of Directors a cordial invitation from the city of Cleveland and various organizations of that city and of the state of Ohio to hold the next annual convention in that city.

After brief discussion on motion of Director Henry G. Williams, of Ohio, the following resolution was adopted:

*Resolved*, That this Board of Directors favors holding the next convention of the National Education Association in the city of Cleveland, Ohio, provided railway, hotel, and other arrangements are made satisfactory to the Executive Committee, and also provided that if the Executive Committee find it impossible to secure satisfactory railway rates and other arrangements for a meeting in the city of Cleveland, they are hereby authorized to select some other place.

Following this action Director C. P. Cary, of Wisconsin, announced that the city of Milwaukee desired to extend an invitation to the Board of Directors to hold the convention for 1909 in that city.

Director Charles E. Chadsey, of Colorado, announced that Denver invited the Directors to select that city for the convention in 1909.

Director John R. Kirk, of Missouri, announced that Kansas City would invite the Association to hold its meeting in that city in 1910.

Director W. R. Hatfield, of Illinois, announced that Chicago would like to have the convention for 1913.

President Cooley announced communications as the next order of business.

The Secretary read the following communication from the Department of Manual Training:

N. E. A. Headquarters, Los Angeles, Cal., July 11, 1907.

*Mr. Irwin Shepard, Secretary National Education Association, City:*

Dear Sir: I would respectfully inform you that it is the intention of the Department of Manual Training to create a committee for the purpose of investigating the subject of courses of study for elementary schools and to make request of the Board of Directors for an appropriation of \$300 to \$500 to defray necessary expenses.

This action will be accomplished by means of the following resolutions adopted at the meeting of the department this Thursday morning. It is probable that a committee will present the matter in person to the Board of Directors at its meeting Thursday afternoon.

FRANK M. LEAVITT

President, Department of Manual Training.

REPORT OF COMMITTEE ON RESOLUTIONS OF THE MANUAL-TRAINING DEPARTMENT OF THE NATIONAL EDUCATIONAL ASSOCIATION NOW IN SESSION, JULY 11, 1907

WHEREAS, The accumulative work of the department during the last two years seeking a more rational statement of courses of manual training, seems now to indicate a necessity for some definite work by a special committee.

*Be it therefore resolved*, That the manual-training department of the National Educational Association, now in session, recommend the appointment of a committee for the purpose of collecting data of the manual-training work done thruout this country, that suggestive courses adaptable to various conditions found therein, may be formulated by them.

*Further be it resolved*, That this committee consist of three persons now actively engaged in manual training, with power to add to their number, a superintendent of schools, a teacher of art, a child's study specialist, a grade teacher, and a representative from such other departments as may be deemed advisable to increase the efficiency of their work.

*Be it further resolved*, That the aforesaid committee of three be appointed by the president of this department.

*Be it further resolved*, That this committee be appointed for a term of two years, being requested to make a preliminary report at the next meeting of this association.

*Resolved*, That a committee of one be appointed by the president of this department to make formal application to the Board of Directors of the Association for an appropriation to defray the expenses of the committee.

DIRECTOR CREE T. WORK, of Texas: I have been appointed by the Committee of the Manual Training Department to urge favorable action on the report which you have just received from that department.

On motion, the application of the Department of Manual Training was received and approved and it was ordered that the desired committee be appointed by the president of the Department of Manual Training and that \$500, or so much thereof as may be necessary, be appropriated for the expenses of that committee.

DIRECTOR E. ORAM LYTE, of Pennsylvania, presented the following petition and urged its adoption by the Board of Directors:

On motion, the Board of Directors voted to approve the petition and to authorize the petitioners to organize a department to be known as the Educational Department of National Organizations of Women.

DIRECTOR JOHN MACDONALD, of Kansas: At a meeting of the Board of Directors in Washington in 1898, they adopted certain forms of spelling for twelve words. This action was carried by a vote of eighteen to seventeen. I think there are three members present in this Board of Directors who were present at that meeting. The change in spelling at that time affected twelve words. I now propose that action be rescinded so far as it applies to three of the twelve words. Nine years is sufficiently long to find out whether the American press and American people are going to follow the lead of the Board of Directors at its Washington meeting. During these nine years the American press has refused to have anything to do with these words. I therefore offer the following resolution and move its adoption:

*Resolved:* That the Secretary of the National Education Association be hereby instructed to use the standard spelling in the printing of the following words wherever they may occur in the *Proceedings* or in any other publications of the Association: *Through* in all its compounds and variations; *Thorough* in all its compounds and variations; *Though* in all its compounds and variations.

The resolution of Director MacDonald was adopted by a vote of twelve to eight, thirteen directors not voting.

The committee on the nomination of members of the National Council of Education reported through its chairman, Charles H. Keyes, of Connecticut, as follows:

*To the Board of Directors of the National Education Association:*

Your Committee on nominations of members of the National Council of Education recommends the following:

On motion, the report of the Committee on Nominations of members of the Council was accepted and adopted and the nominees were declared elected to the several terms indicated in the report.

# REPORT OF THE SECRETARY OF THE NATIONAL EDUCATION ASSOCIATION OF THE UNITED STATES

SECRETARY'S OFFICE, WINONA, MINN., December 14, 1907

*To the Board of Trustees of the National Education Association:*

GENTLEMEN: In submitting report of the business of the Secretary's office, for the year 1905-06 permit me to refer you to the "Review of the Reports of the Secretary" (pp. 731-41, *Fiftieth Anniversary Volume*). By that report it will be seen that there was a slight loss in the number of active memberships last year, due largely to some abatement of interest in the Association by members of a certain class because no convention was held. While the loss by withdrawal amounted to 644, and 46 by death, total 690, there were enrolled 603 new members, largely from those holding prominent educational positions who desired to become permanently identified with the future work of the Association.

During the past year, 1906-07, it will be seen by the record below, and in the summaries at the close of the active membership list, that there has been a large number of withdrawals, mostly of those who were enrolled at the Asbury Park and Ocean Grove meeting in 1905, because of local and temporary interest in the Association at that time. This loss is also due in part to the fact that of the entire 5,174 active members on the rolls July 1, 1907, only 322 were present at the Los Angeles convention. It is reasonable to expect that continued non-attendance at the annual conventions will result in loss of interest and consequently withdrawals of non-attending members.

## ABANDONMENT OF THE SAN FRANCISCO CONVENTION

The necessary abandonment of the convention, appointed to be held in San Francisco in July, 1906, because of the partial destruction of that city by earthquake on April 18, 1906, and fire on following days, was a great disappointment to the officers and members of the Association. All local arrangements and program appointments had been practically completed and there was every promise of a very large and successful convention. It was impossible to meet in San Francisco, or in that vicinity. It was deemed impracticable at that late date to reconstruct programs, transportation, and other arrangements to insure a successful meeting at any other place.

## THE ANNIVERSARY VOLUME

Later it was decided to issue in place of the annual volume of *Proceedings* for 1906, a *Fiftieth Anniversary Volume*, since the year closed the first fifty years of the Association's history. It is unnecessary in this place to review this volume, which is now in the hands of the members, having been completed and shipped to all members early in June, 1907. The delay in issuing this volume was due to the great labor in compiling the historical and statistical matter and in preparing the General Index of all publications during the fifty years. It was at first intended to include the General Index in the *Anniversary Volume*, but it was found impossible to bring all the matter within the limits of a single volume. It was therefore decided to issue the Index in a separate cloth-bound volume. Both volumes were sent to all active members.

## THE FIFTIETH ANNIVERSARY CONVENTION

It had been the general desire of the active members to hold the Fiftieth Anniversary Convention in Philadelphia, Pa., in July, 1907, in which city the Association was organized on August 26, 1857.

When the Executive Committee applied to the Trunk Line Passenger Association in October, 1906, for the usual convention rates and ticket conditions, they were met by objections, obstructions, and delays until January, 1907, when a satisfactory rate was granted, but with a condition limiting the return on convention tickets to three days following the convention. Since it was manifestly impossible to bring the teachers of the United States together in convention at Philadelphia, or any other place, under such a limitation of time for return, the Executive Committee, while accepting the rate, declined to accept the limitation on the tickets for return. Every possible effort was made, without success, to secure from the lines interested in the Philadelphia meeting the extension on return tickets to September 1. No extension beyond the three days following the convention would be granted, and no reasons were given for refusing a concession which had been granted by all railway lines for all conventions of the N. E. A. for twenty years. Further negotiations appearing useless, the Executive Committee late in January withdrew their application for rates for a meeting in Philadelphia and accepted the invitation of Los Angeles to hold the Fiftieth Anniversary Convention in that city. The fifty or more lines of the Trans-Continental Passenger Association and the Western Passenger Association, including all lines west of Chicago and the Mississippi River, joined in granting the same rates and ticket conditions as had prevailed for many years, with stop-over privileges at all points on both going and returning trips and extension of time for return to September 15. These rates were adopted by all lines of the New England Passenger Association, the South Eastern Passenger Association, and the Canadian Passenger Association, but concurrence was refused by the Trunk Line Association, and the Central Passenger Association, largely made up of the Trunk Line connections.

About this time the Interstate Commerce Commission, presumably on the complaint of some railway company, issued, after a hearing, an administrative order to the effect that the plan which had prevailed for twenty years, by which the railway lines had collected the membership fee in the purchase price of the ticket, was illegal, and could not be allowed for the Los Angeles meeting as proposed by the trans-continental lines. The Commission however, ruled that it would be legal and satisfactory to limit the validation of tickets for return to bona fide members of the Association. This plan proposed by the Commission, by which the Association should collect its membership fees at the place of meeting was quite as satisfactory as the former plan by which the railroads had collected the fees. The order was promptly accepted by the Association and the trans-continental lines and a tender of rates, revised to accord with the ruling of the Commission, offered to all connecting railway lines and passenger associations. General concurrence was prevented by lines hostile to the Los Angeles meeting, on one pretext after another, until the Interstate Commerce Commission issued a supplementary order affirming beyond further question the rates and ticket conditions as tendered by the trans-continental lines. This order, however, was promulgated but one day before the Los Angeles convention tickets were to be placed on sale. While a number of lines of the Central Passenger Association and two lines of the Trunk Line Association accepted these rates and joined in the sale of tickets from New York city and intermediate points, the majority of the lines of these two associations did not concur, altho they did not claim that there was any longer legal objection to the rate.

These circumstances had a very unfavorable effect on the attendance at Los Angeles, since the rates did not apply from a large part of the territory from which we usually have the largest membership. Notwithstanding, the Los Angeles Convention was successful in every way, and in point of membership was the third largest in the history of the Association; Boston (1903) being first, and Asbury Park and Ocean Grove (1905), second. The total registration at Los Angeles amounted to 12,818, exclusive of approximately 4,500 active members not present at Los Angeles, to be included later in the total enrollment for the year. The corresponding enrollment at the Los Angeles Convention in 1899 was

11,982, increased later by 1,674 active members not present at Los Angeles, making a total of 13,656 for that year.

The following table shows enrollment by sections:

North Atlantic States . . . . .	716
South Atlantic States . . . . .	46
South Central States . . . . .	839
North Central States . . . . .	3,015
Western States . . . . .	8,139
Foreign . . . . .	63
Total . . . . .	12,818

It is worthy of note that the state of California, for which 5,000 members were guaranteed by the Los Angeles Local Committee, had an enrollment of 6,306; Arizona, which has but 554 teachers, according to the latest report of the United States Commissioner of Education, furnished 583 members. Texas sent 458 members, and Utah 380—the highest number from these states at any convention.

The states having two hundred or more members enrolled at the Los Angeles meeting were: California, 6,306; Illinois, 761; Arizona, 583; Missouri, 467; Texas, 458; Utah, 380; Iowa, 294; Kansas, 293; New York, 279; Colorado, 258; Ohio, 245; Pennsylvania, 239; Nebraska, 216.

The Board of Directors at its meeting July 9, 1903, appropriated \$500, or so much thereof as might be necessary, for the use of the committee (see Minutes of the Board of Directors, Boston volume of *Proceedings*, pp. 36, 37).

At the meeting of the Council at the St. Louis meeting, L. D. Harvey, chairman, made an oral report of progress and was asked to make a complete report to the Council at its annual meeting in 1904. The committee had expended but \$187.95 of its appropriation of \$500, leaving an unexpended balance of \$312.05 which was reappropriated, and an additional appropriation of \$500 was made, making a total of \$812.05 available for the expenses of the committee for the year 1904-5 and for the preparation of its report (see Minutes of the Board of Directors, St. Louis volume of *Proceedings*, p. 39).

This committee thru its chairman, L. D. Harvey, presented to the National Council of Education a printed report of 97 pages. This report was accepted as a report of progress, at the meeting of the National Council in Asbury Park and Ocean Grove, N. J., July, 1905, and the committee was continued for the purpose of pursuing investigations still further in accordance with the plans outlined by the chairman, L. D. Harvey, and set forth in a communication to the Board of Directors (see p. 54 of *Yearbook* for 1905). An appropriation of \$300 for the expenses of this committee for the current year was recommended by the Committee on Investigations and Appropriations of the Council and authorized by the Board of Directors at its meeting July 6, 1905.

During the two years, 1905-6, 1906-7, the committee continued its investigations, expending \$290.99 of the appropriation of \$300. The balance of the appropriation was, under the rules, covered into the treasury June 30, 1907.

At the Los Angeles Convention, July, 1907, the chairman, L. D. Harvey, on behalf of the committee, presented to the National Council a report, supplementary to the report presented at the Asbury Park meeting, and asked that the committee be discharged and that a new committee of three be appointed to continue the work in co-operation with the Department of Agriculture, at Washington, D. C., and to make reports of the results of their investigations to the National Council from time to time; also that a new appropriation be granted to pay the necessary expenses of the committee.

Several members of the committee who found it impossible to continue membership were released and the committee was reorganized, as follows:

The Board of Directors, at its meeting June 30, 1904, granted an appropriation of \$200 as a contribution toward the expenses of this committee in conference with committees of the Modern Language Association and of the American Philological Association in regard to a universal system of key notation for indicating pronunciation and to recommend a Phonetic Alphabet (see Minutes of the Board of Directors, St. Louis volume of *Proceedings*, p. 39).
